DON'T WORSHIP THE IDLE

The term idle means, in my own words, not applying enough energy to produce forward movement. A car that is idling is just sitting there burning gas and producing no movement. It's a waste of resources and in many places it is against policy to allow your vehicle to idle while dropping off or picking up people or goods. In other words, if the car is not making positive progress then it ought to be shut off.

That was what Jesus said of the Laodiceans. He said they were neither hot nor cold. They are just idling along through life. And to Him that was wholly unacceptable.

There is an old saying, "Idle hands are the devil's workshop." Ecclesiastes 10:18 says that idleness of hands makes the house leak. Our hands were not made to be idle. God made the hands for action. They were made to reach and grab things. They are symbols of action because they were created to move. So were we as Christians. We were created to move and to be active. When we worship idleness, laziness, we defeat the purpose of our hands and hearts. Instead we ought to look for the opportunities to use our hands in the service of the Lord.

"*Whatever your hand finds to do, do it with your might; for there is no work or device or knowledge or wisdom in the grave where you are going*" Ecclesiastes 9:10

“Then the churches throughout all Judea, Galilee, and Samaria had peace and were edified. And walking in the fear of the Lord and in the comfort of the Holy Spirit, they were multiplied.” (Acts 9:31)
