BE CAREFUL LITTLE MOUTH WHAT YOU SAY

James 3:1-12

I had a good friend once, maybe that's hard to believe. We went many places together and had fun as children. This little friend of mine had some developmental issues. One of the reasons his mother liked me so much was that I was able to be friends with him and not notice his difficulties. He had a particular problem saying a particular word. When I realized this difficulty one day in his car I asked him to repeat the word which I thought was funny. I laughed and he laughed also. I did not mean to hurt my friend's feelings, but I did say things and behave in such a way as to violate his mother's trust and our friendship. I did apologize when my mother told me what I had done, but I could never really take back what I said to my friend, and I lost him as a friend.

That's both a true and sad story but it illustrates just how easy it is to say the wrong thing. I did not mean to insult my buddy, but that is exactly what I did. It also illustrates the danger of the tongue. Once a word is spoken it cannot be withdrawn no matter how much regret or shame we might feel. You cannot un-say a word. So be careful what you say in the first place.

The ultimate speech test was taught to me by a man named James Tollerson, a former teacher of mine at Freed-Hardeman.

Test 1: Is it true? Never speak words that are not

Test 2: Is it kind? Do not use mean or hurtful speech

Test 3: Is it necessary? Not everything you think needs to be spoken

Test 4: Is it helpful? The ultimate goal of your speech ought to be to help someone else

Learn the lesson we sing to young children, "Be careful little mouth what you say"
